MURDERED WITH AN AX

Two Terrible Crimes Occur in a Farmhouse.

LADY AND SERVANT DEAD

Barn Presumably Set on Fire to Draw Edward Horner From Dwelling, and While He Was Fighting the Flames Foul Deeds Were Done.

Camden, N. J., Aug. 23.—While Edward Horner, a farmer, living between Collinswood and Merchantville, was trying to extinguish a fire, thought to have been kindled in his barn for the purpose of driving him from his home, some one entered the house, murdered his wife with an ax and attacked Victoria Napoli, a servant, who probably went to the rescue of her mistress. The servant died in a hospital here.

Camden police have arrested one Charles Gibson, a negro, formerly employed by Horner. Pawn tickets for two watches pawned in Philadelphia were found upon him. One of the watches bore the inscription: "Horner."

The suspect, when asked if he knew Horner, said: "Yes, I am sorry for him."

When Horner woke he saw from the window of his bedroom that his barn was in flames. He ran out, but found the fire had spread beyond the possibility of his coping with it single handed.

While Horner and Mrs. Napoli's husband were trying to rescue some of the horses from the barn Mrs. Horner and her servant came upon the negro in the act of robbing the house. The robber attacked the women with an ax and practically hacked them to pieces. Mrs. Horner's head was severed and Mrs. Napoli's head was crushed in and her body covered with gashes.

Horner and others who were at the fire returned to the house to find the body of Mrs. Horner lying in a pool of blood, and Mrs. Napoli, still alive, was lying nearby, covered with blood. She died without regaining consciousness shortly after being admitted to a hospital.

ROOT RECUPERATING.

Is in Farm of William Muldoon, the Noted Wrestler.

New York, Aug. 23.—The news that Secretary of State Root is recuperating from overwork and fatigue at the farm of William Muldoon, near White Plains, is no surprise to friends who have seen him this summer. Persons who have been at Muldoon's since Mr. Root joined the training squad there say the secretary had the appearance of being run down, but a short sojourn on the farm has put him on his feet. Mr. Root keeps in touch with affairs and with President Roosevelt through his secretary, who accompanies him.

TUCKER SEEKS DIVORCE.

Wife Is Daughter of the Late General John A. Logan.

Chicago, Aug. 23.—Lieutenant Colonel W. F. Tucker of the pay corps of the United States army will sue for a divorce from his wife, Mrs. "Dolly" Logan Tucker, daughter of the late General John A. Logan. That is, unless Mrs. Tucker gets into the courts ahead of her husband.

The announcement that the officer and not the wife would institute proceedings has caused much interest in social circles. It had been expected that the woman and not the man would take the initiative to bring about the legal separation.

PAYMASTER HELD UP.

Highwaymen at Philadelphia Secure a Large Amount of Cash.

Philadelphia, Aug. 23.—William H. Hicks, paymaster for Schuylburg and Uptinger, a textile machine manufacturing company, was held up by three highwaymen in the northeastern part of the city and robbed of a satchel containing \$6,000. The men were pursued, and one of them was captured after several shots had been fired at him. The other two escaped with the satchel. Paymaster Hicks is in the hospital suffering with a bullet wound received in a scuffle with the robbers.

DOGS IN DISFAVOR.

Waco People Insist on Rigid Enforcement of Ordinance.

Waco, Aug. 23.—So many instances of people getting dog bitten have been recorded in the Texas newspapers this summer that the prejudice against keeping so many dogs in this city has increased decided, and citizens are aiding in enforcing the ordinance requiring collars on dogs showing that the tax has been paid. The tax is \$1 on male and \$2.50 on female dogs.

Young Widow Murdered.

New York, Aug. 23.—Mrs. Lena Scham, a young widow, was murdered at Brooklyn. Three arrests were made

TERRIBLE TERMINATION.

Sad Sequel to a Courtship of Some Duration.

SHOOTS HIS SWEETHEART.

Young Man Also Mortally Wounded Himself, Doing Both Deeds After His Loved One Gave Religion as Reason For Refusing to Wed Him.

New York, Aug. 23.—The two years' courtship of Miss Ellen Fiska, eighteen years old, and Joseph Pallog, aged twenty-one, has ended tragically. The girl is a Roman Catholic. Her sweetheart is not. After a protracted struggle with her conscience the maiden decided she could not marry outside of her church.

The renunciation was made in the presence of her family, and a moment later Pallog had shot the girl in the breast and put a bullet into his own body. Both were dying when removed to a hospital.

The two are given good characters in their neighborhood, and their expected marriage had been looked forward to as a social event of importance in the Austrian quarter.

TAR AND FEATHERS.

Married Man Too Attentive to Young Girl.

Ridgefield, Conn., Aug. 23.—The driver of an express wagon was given a coat of tar and feathers by citizens of this place.

The man had been persistent in his attentions to a girl just in her teens. He is married and, it is said, had been repeatedly warned to desist.

The man was found with the child and a vigilance committee was hastily organized. He was taken to a vacant lot not far from the railroad station, and, after stripping him, melted tar was applied to his body. He was then rolled in feathers and left in his misery.

The members of the vengeance party were masked and the victim failed to recognize any of his assailants. The man got home late at night and was all morning getting rid of the suit of tar.

The girl who caused the trouble is an orphan and lives here with relatives. She was taken home and warned to keep away from her admirer.

ATTEMPTED BLOWUP.

Dynamite Used in an Effort to Wreck Train.

Cripple Creek, Colo., Aug. 23.—An attempt was made to blow up the incoming Short Line passenger train with dynamite at St. Peter's Dome, midway between Cripple Creek and Colorado Springs. Every window in the last car was broken and Major McCarthy of Victoria, deputy state mine inspector, had his hand cut. A number of women fainted, and there was great excitement. An attempt was made to blow up the same train at Denver. The dynamites escaped, but the sheriff is on their trail.

BRAVE LITTLE MISS.

Fires Twice Through Door and Frightens Miscreants Away.

Bloombury, Mass., Aug. 23.—Little Martha Reich, the eight-year-old daughter of Mr. and Mrs. Nelson Reich, of Mansdale, is being showered with congratulations by her friends for the courage she displayed in driving two burglars from her father's house at the point of a pistol.

Martha and her baby sister were alone in the house when, about midnight, they heard some one trying to get in the front door. Getting her father's revolver, Martha fired twice through the door, and while she failed to hit either one of the men she frightened them so that they lost no time in getting away. There was evidence showing that burglars had been to the house. The lock of the front door had been tampered with.

BROWN REMOVED.

Georgia's Governor Ousts Railroad Commissioner From Office.

Atlanta, Aug. 23.—Governor Hoke Smith issued an order, taking effect immediately, suspending from office Railroad Commissioner Joseph H. Brown and appointing in his place G. McClelland.

The order gives no reason for the suspension, but simply cites the section of the code which confers on the governor authority to suspend a commissioner who fails to meet the demands of the office.

Sunday Funerals Prohibited.

Sharon, Pa., Aug. 23.—No more Sunday burials will be allowed in Oakwood cemetery.

Collar Stolen From Police Dog.

Bellevue, Pa., Aug. 23.—Some one stole collar from dog belonging to police force.

BOILER EXPLODES.

Engineer Hopkins and Six Other Persons Lose Their Lives.

Hoboken, N. J., Aug. 23.—The boiler on the coal barge Patterson, exploded Friday. Engineer M. Hopkins and six other men were killed. The barge had been lying at the docks several days and preparations were being made at the time of the explosion to get her in condition for use.

EXPECTORATED ON WOMAN.

She Instituted Suit For Ten Thousand Dollars as Result.

Pittsburg, Aug. 23.—The Philadelphia company was made defendant in a \$10,000 damage suit in court No. 4 by Christian Wunderlich and Mina Wunderlich. It is claimed that while M. Wunderlich was standing in front of the company's building, in Sixth avenue, some one expectorated from an upper window, the tobacco juice hitting her squarely.

FANCY GROCERIES

The Daily Eagle
Entered at the Postoffice in Bryan, Texas, as second class matter.
BY CARNES & WALLACE
BRYAN, TEXAS, AUGUST 24, 1907

A Spokane school girl was required to write an essay of 250 words about an automobile. She submitted the following: "My uncle bought an automobile. He was riding out in the country when it busted going up a hill. I guess this is about 50 words. The other 200 are what my uncle said when he was walking back to town, but they are not fit for publication."—Navasota Examiner.

When people say religion is dying, will they explain why it is that the Bible is still by a tremendous margin the world's best selling book? It takes a very successful novel to sell 40,000 or 50,000 a year. But last year 16,000,000 copies of the Bible, in whole or in portions, translated into a vast Babel of tongues were scattered broadcast over the earth, and all this is done without a thought of profit. This is altruism on a world-field. So the work will go on till "the knowledge of the Lord shall cover the earth as the waters cover the sea."—Christian Observer.

THE SANTIAGO CAMPAIGN.
Colonel Herbert Howland Sargent, U. S. A., whose books on Napoleon's Campaigns have been so extensively and favorably noticed on both sides of the water, is the author of a momentous strategic study entitled "The Campaign of Santiago de Cuba." Not only is Colonel Sargent an authority on military matters generally, but he was in active service during the Spanish-American War, as colonel of a regiment of volunteer infantry. When matters in the Philippines began to look serious he was made Lieutenant-colonel of the Twenty-ninth Regiment of Volunteer Infantry, and sailed to Manila with his regiment. In the Islands he took active part and was in command of the attacking forces at the battle of San Mateo, in which his intimate personal friend, General Lawton, was killed. "For skill and bravery that he displayed in the difficult San Mateo affair," he was recommended by General Otis for brevet in the Regular Army. Thus, with six years of preparatory study of his subject and an unerring apprehension of theories and principles, Colonel Sargent combines the vivifying interest of actual experience. "The Campaign of Santiago de Cuba," will be brought out early next month by A. C. McClurg & Co.—Monthly Bulletin of New Books.

ROCK ISLAND-FRISCO STEAM-SHIP LINE TO VELASCO
T elasco Road to be the Tidewater Outlet for the Yoakum Interests—Enormous Wharves and Warehouses Under Construction

In a recent issue the Chicago Post had the following to say: "Construction has just been started on a forty mile extension of a trifling little railroad to connect Houston, Texas, with the small town of Velasco, near the mouth of the Brazos river. This is the inconspicuous beginning of the most important development on the Gulf coast today. It means the building of a new tide water outlet for the produce of the great plains, a rival for Galveston, with every natural advantage to make it some day a great seaport. "Government surveys of a former decade showed the importance of Velasco, and the fact that it has remained an out-of-the-way village is because its principal owners have held so tight to rights-of-way and water front that railroads one by one gave up in disgust. "The town is served by one tiny road, the Velasco, Brazos and Northern, and this recently has been secured by the Rock Island-Frisco interests, with land for large extensions, terminals and dockage. The line is being extended to Houston and will be called the Houston and Brazos Valley. At Houston it will connect with the three arms of the system running East, West, North, and with the \$5,000,000 terminals and belt lines in Houston with the great wheat, rice and cotton region of the plateau by a short haul to tide-water "The mouth of the Brazos river, it is said, will make an ideal seaport, because of its many miles of navigable water, freedom from shoals and sharp turns and its high banks. No costly dredging undertaking is needed. The river is navigable for deep draught vessels several miles up, giving, it is believed, at least twenty-five miles of dockage, with comparatively little dredging. "The expenditure of millions in the development of this new port will produce a boom in the Velasco section, especially as it is already rich in resources awaiting a direct rail outlet. Some oil, gas and sulphur prospects not far from Velasco, are being quietly examined, and the rich bottom lands, now covered with valuable hardwood timber, are known to be ideal for sugar. In fact several fortunes have been made within the past ten years in Brazos sugar land and several thousand acres are growing sugar further up the river. "It is expected that the new line of steamers which the Rock Island is soon to establish between Southern Europe and Texas will make Velasco a new gateway for immigrants. The system has already organized immigration bureaus throughout Europe in preparation of a comprehensive and systematic campaign to increase the population of its territory which embraces most of the middle and southwest as far as Colorado on the one hand and Louisiana on the other."

GREAT MEDICAL DISCOVERY.

The Cause of Gray Hair, Insanity, Loss of Appetite and Death Has Been Discovered.

A SURE AND PERMANENT CURE FOR EACH HAS BEEN FOUND.

Perhaps the greatest discovery made by man since Columbus carried the news to Europe that there was a land beyond the seas is the recent discovery made by local talent, and after being thoroughly looked into by the most eminent and noted men, has been pronounced a blessing to humanity that has never had an equal in the history of the world. Men have spent millions trying to prevent gray hair and baldness with little or no result, and the cause of insanity has always been a puzzle to the world. Loss of appetite and death have always been considered works of nature, and nothing could prevent the final appearance of the grim reaper. But the new discovery has made everything plain, and man has been elevated to a much higher plane intellectually as well as physically. Below we give a description of the discovery by the great discoverer himself:

"After years of experimenting on the causes of baldness, gray hair, insanity, loss of appetite and death, I find that they are caused in every instance by an excess of worry, usually brought on by lack of judgement. In every instance there is more or less money involved, and in nearly every case the worry which produces the fatal malady could be averted by the proper precaution. For instance, I find a number of men who will lose time and worry trying to find a home that suits them, or will do the same way trying to sell a farm.

The worry produced in the above cases causes a man's hair to turn gray, his face wrinkled, his head bald, his brain over-taxed producing insanity, his appetite is affected, he loses his strength and is finally ushered into the great beyond when a little talk with Monroe Edge would have cured him sound and well. He could have instantly bought him a beautiful home or sold his farm and all his troubles would have been over.

If you want to buy or sell land don't dilly-dally about it, but see Monroe Edge. He knows how to sell land and will save you money. He has a fine list for sale and can certainly please you." dtwtw2

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and indigestion as real diseases, yet they are symptoms only of a certain specific nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. With out that original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, biliousness, bad breath and salivary compulsion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for your self what it can and will do. We sell and cheerfully recommend

Heart Strength

Heart strength, or Heart weakness, means Nerve Strength, or Nerve weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the heart must continue to fail, and the stomach and kidneys also have these same controlling forces.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds up strength, it offers real, genuine heart help.

If you would have a strong heart, strong digestion, strengthen these nerves—re-establish them as needed.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pang of this dreadful disease.

In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now at last, I can finally cure all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer with out help. We sell, and in confidence recommend

Dr. Shoop's Rheumatic Remedy

BUILT ACROSS TRINITY.

Texas Company Moving Along With Pipe Line.

Dallas, Aug. 23.—The big pipe line of the Texas company has been swung across the Trinity river just north of the city, and is now in place at the big refinery and separating plant in West Dallas. The pipe, contrary to expectations, is not down all the way between Tulsa and Dallas. There are about twenty-five miles of the line to be laid. Seventeen miles of this are north of Red river and one mile of it between Tulsa and the Canadian.

A. R. Duman, chief engineer for the Ball-Carden company, the contractors who are building the pipe line, says it will be four or five weeks before the line can be used all the way to Dallas. The delay is due to a scarcity of labor at some points and to much heavy blasting that has had to be done north of Red river. Mr. Duman, however, has a large force of men at work on the line between Waxahachie and Corsicana. It will possibly be the 1st of October before the Texas company will be forcing oil as far south as this city.

SUCCEEDS HIMSELF.

General K. M. Van Zandt Again Elected Commander.

Bowie, Tex., Aug. 23.—The Texas division of the United Confederate Veterans elected officers as follows:

Commander—K. M. Van Zandt, Fort Worth.

First Brigadier General—J. T. Jar-

rard, Huntsville.

Second Brigadier General—T. J. Lar-

gin, San Antonio.

Third Brigadier General—F. T. Roach, Georgetown.

Fourth Brigadier General—W. B. Berry, Brookston.

Fifth Brigadier General—J. A. Cum-

mins, Bowie.

Willis Point was selected as the next meeting place.

The delegates have been elegantly entertained. Citizens of Bowie and Montague county contributed \$1,500 and sixteen beavers.

SOUTH APPEALED TO.

Taft Urges Democrats to Affiliate With the Republicans.

Lexington, Ky., Aug. 23.—Secretary Taft delivered a speech here which was devoted to the race problem and general political issues from a southern standpoint. He appealed to the Democrats to set aside "family tradition" and align themselves with the Republican party. Mr. Taft declared negro labor was necessary to the south. He declared a strict enforcement of the fifteenth amendment did not necessitate social equality; it does not require that any negro should vote. All that it requires is that a negro should not be barred from voting because he is a negro. A high tribute was paid Booker T. Washington and his efforts to improve the blacks.

MILLION-DOLLAR FIRE.

Several Large Establishments Are Destroyed at Cincinnati.

Cincinnati, Aug. 23.—Fire which threatened the entire block bounded by Hunt street and Broadway and East Court street Thursday night caused damage estimated at \$1,000,000. The fire started in the plant of the Eagle White Lead company at 1020 Broadway, and spread rapidly to adjoining buildings.

Among the buildings destroyed were the B. H. Kroger grocery warehouse, Edna Smelting company, Morrison & Snodgrass planing company and E. Roberts lumber company.

FIRE FATALITIES.

One Man Suffocated, Another Jumps and Soon Expires.

Port Arthur, Tex., Aug. 23.—As the result of a fire in the Springfield building J. L. Williams and H. S. Jones, rooming on the top floor, are dead. Williams, who was a paralytic, was found just outside the door of his room, suffocated by smoke. Jones jumped to the sidewalk, soon dying.

WEDDED AT DALLAS.

Young Lady Journeys From New York to Marry Her Choice.

Dallas, Aug. 23.—Paul J. Miller, who has been a resident of Dallas about a year, and Miss Frances Bone of New York were married at the home of Rev. L. S. White, pastor of the First Christian church. The bride came from New York accompanied by the mother of the groom. The marriage is said to have been the result of a romance of some years' duration.

SHUMAKER CONFESSES.

Claims Manipulation Was Engineered by High Official.

Johnstown, Pa., Aug. 23.—James Shumaker, formerly superintendent of public buildings and grounds at Harrisburg, who is implicated by reports of the capital investigating committee, has declared he will make a full confession of all he knows of the capital scandal. He claims manipulation of funds were engineered by a high official of the state at Harrisburg to cover up the shortage in the state treasury.

Neck Nearly Torn Off.

Decatur, Tex., Aug. 23.—Frank Kaker was caught in a hay press ten miles west of here and his neck almost torn off.

WIFE ELOPES.

Aged Husband Advertises For a Housekeeper.

Kalamazoo, Aug. 23.—Living at Moores Corners, south of Williams station, is Captain W. H. H. Banks, aged eighty, but in looks not to exceed sixty, who wants a housekeeper. His thirty-six-year-old wife has eloped with their farm hand, who is still a minor.

The captain voices his needs in an advertisement to which he signs assumed initials. The advertisement follows:

"Wanted—I do not want to marry today, but I do want a housekeeper to go out into the country twenty-three miles from Kalamazoo; either young, middle-aged or old will do, if in good health, free from children and the love-lorn swain; work is light; much of the time away from home; winters we will spend either in Washington, D. C., or further south, as we may decide; constant companionship is what I need and must have; was an officer in the war of 1862-65; wounded and badly crippled, and it is necessary that I have a close attendant to go where I go, and stay where I stay; a rare chance for a young lady who enjoys a little romance to break the monotony of the more sluggish realities of everyday life. Every answer to this ad. will receive reply either by letter or personal call; be quick; don't nibble; bite; can give the very best references. Address with full name, age, description or photo, residence, etc.

"L. J. W."

"Kalamazoo, Mich. General Delivery."

Captain Banks has had but little to say of his wife's desertion, but the advertisement shows the old man's bitterness. It is understood that the captain has heard nothing from his helpmeet and her lover since their disappearance. He indicates that he has cast her off and will forget her, however, by his efforts to find another woman to take her place.

Captain Banks served during the civil war first as a Lieutenant in the Ninth Michigan cavalry and later as a captain in the same regiment. He was in the hardest of the fighting, and was grievously wounded by a ball, his leg being badly injured, and during late years he has been forced to go about most of the time on crutches. He draws a large pension, and is said to be comfortably fixed financially. For many years after the close of the war he was connected with the secret service.

Expires From Lockjaw.

Macon, Ga., Aug. 23.—After an illness of several days with lockjaw, Charles Goodin, a young man, died at the city hospital. He received injuries while alighting from a street car. One of the bones in the right foot was broken and blood poisoning set in. This was followed by lockjaw.

Caught in Hay Press.

Bridgeport, Tex., Aug. 23.—Three miles south Frank Baker was caught by the plunger of a hay press and badly hurt.

HARD ON ICE MAN.

Invention by Which Chunk Will Last All Summer.

Rhineland, Wis., Aug. 23.—J. M. Darrow, connected with the paper mills here, claims to have discovered in a waste product of the mills a preparation which will preserve ice indefinitely. The compound, it is said, can be manufactured at a cost of 47 cents for 1,000 gallons.

Housekeepers, with this preparation at hand, can buy a cake of ice, coat it, and have no need to trouble the ice-man again all summer.

MILITARY COST IN CUBA.

Quartermaster General of the Army Has Submitted Annual Report.

Washington, Aug. 23.—It cost the American government \$2,554,970 in addition to the regular ordinary expense, to keep the American army of Cuban pacification in that island during the fiscal year of 1907. This fact is shown in the annual report of General Alshire, quartermaster general of the army. Of this amount \$1,915,383 was spent for transportation.

ACTION URGED.

Chupp Wants State to Get After the Western Union.

Dallas, Aug. 23.—President Chupp of the local Telegraphers' union has written Governor Campbell and Attorney General Davidson. He charges the Western Union Telegraph company with accepting messages and sending them out by mail and urges that the state institute action against that corporation.

Secretaries Confer.

Lexington, Ky., Aug. 23.—Secretary of the Interior Garfield, who was telegraphed by Secretary Taft, to come from St. Louis, and meet him here, arrived and went to Elemendorf stock farm, where the two secretaries were in conference some time. No statement was obtainable as to the matters discussed.

New Hotel For Hillsboro.

Hillsboro, Tex., Aug. 23.—A contract has been let here for the construction of modern three-story brick hotel. It will contain fifty rooms. The building will be erected on the northwest corner of the public square, and will cost \$24,000. Work will commence at once on the building, and it will be rushed to completion.

"This Is Terrible."

Not in a thousand years will blood forget blood, even in this great nation of ours.

The column had been winding all morning through open country. Now it was approaching close woodland and high grass. The captain of the company, acting as advance guard, knew that trouble was probably lying ahead. He called to him his pet sergeant—the man he had been saving through all the day for the time when a "best" man was needed.

"Sergeant O'Hare," he said, "I want you to pick out from the company any six men you choose and go ahead as a point. You can have anybody you want—only choose the best you know. I think we will be fired on from those low hills."

Sergeant O'Hare's eyes searched the company.

"Sullivan!" he called. "McCarthy; O'Donnell; Moriarty; McGinnis!"

He hesitated. His glance wandered uneasily up and down the line. Big, honest Swedes, burly Teutons, lanky Yankees, there were in plenty. But where—oh, yes, there on the left of the line—that bright eye, pug nosed, red headed little beggar, nodding and imploring attention with his twisted up face. The sergeant's brow cleared.

"Lynch!" he called, with a sigh of relief. "This is him, sorr," he added, turning to the captain.—Outing.

Preference.

The Court—Six years at hard labor. You'll get a chance to learn a trade, my man. Burglar—Judge, couldn't I be permitted to learn it—er—by correspondence course?—Puck.

For the burdens which God lays on us there will always be grace enough. The burdens which we make for ourselves we must carry alone.—A. W. Thorold, D. D.

A Beautiful Bull.

The foreman of a grand jury in the west of Ireland had been presented for some public service with a gold watch, of which he was very proud, and as he displayed it at a dinner of the grand jury he was made by members as to whose watch was most accurate. At last some one suggested that it was impossible to decide.

"Oh," said the foreman, "there's no difficulty about that! There's a sundial in the garden, and we'll take a lantern and decide the bets that way."

DETERMINED TO DIE.

Took Rough on Rats and Then Shot Himself to Death.

Cairo, Ill., Aug. 14.—Edward L. Reno, for ten years assistant postmaster, committed suicide by taking rough on rats and then shooting himself through the head. His body was found in the woods two miles from the city. Reno disappeared Thursday noon, when he left the postoffice with \$1,100, and went to a bank, where he purchased a draft. Instead of returning with this to the postoffice, he placed it in an envelope and dropped it in a mail box after addressing it to the postmaster.

Besides the revolver and poison, a long dagger lying beside him was found, but the decomposed condition of his body makes it impossible to tell whether or not he had also stabbed himself.
